Issues Surrounding IoT Security Upgradeability and Patching

Allan Friedman, NTIA

John Banghart, Venable LLP

Vic Chung, SAP

Kent Landfield, McAfee

Introduction

- NTIA Multi-Stakeholder Effort
 - Who are the stakeholders?
 - What is the desired outcome?
- Scope
- Why Upgradeability and Patching?
- Working Groups

Progress and Observations

- What have we learned so far?
- Where are we headed?
- What do we need from you?

Thank You

Allan Friedman
