

Breach Workshop: Waterplan breach

The size of the Powerpoint slides is 16:9.

Before the Workshop

The Powerpoint file uses an embedded font. If the font doesn't load correctly (compare with PDF) please install the font manually (Raleway.zip).

Please print out the following documents:

- Posters (for the workshop room)
- Namecards (for the workshop tables), cut and fold instructions are included)
- Have a flipchart available

During the Workshop

Moderate closely. Pay attention to the Roles and responsibilities. If you don't there will be chaos. If you have enough time, let them go, and then play it a second time.
