

## **FIRST 2016:** **Getting to the Soul of Incident Response** **JUNE 12-17, 2016**

### **CALL FOR SPEAKERS**

The FIRST Conference Program Chair and Conference Committee issues an annual Call for Speakers for incident response and information security related presentations, case studies, tutorials, and panel discussions. Those wishing to give a presentation must submit an abstract for review and consideration. Past topics have included: creating and managing CSIRTs, computer vulnerability, threat detection, computer forensics, and case studies.

Accepted presentations receive a discounted registration fee. Discounts are based on the length and type of presentation. One discount permitted per presentation.

For more information about how you can be a part of the 2016 conference program, send email to [first-2016chair@first.org](mailto:first-2016chair@first.org). Submissions will be collected online starting September 2015.

### **SPONSORSHIP OPPORTUNITIES**

FIRST sponsorships provide a unique opportunity to show your organization's commitment to best practice security. Organizations now more than ever understand the importance of supporting global collaboration and cooperation within the information security, risk management, and privacy sectors. Sponsorship opens the doors to a highly influential community of computer security incident response experts and decision-makers from over 60 countries and from various industries.

For more information on sponsorship please contact us at [first-2016@first.org](mailto:first-2016@first.org).

### **JOIN THE GLOBAL NETWORK**

This conference promises to be an exceptional experience! This is one event you don't want to miss: take advantage of Early Bird registration rates and hotel discounts - Register Today!

For more information about the Annual FIRST Conference and to Register, visit <http://www.first.org/conference/2016>.

For inquires, please send email to [first-2016@first.org](mailto:first-2016@first.org).

**FIRST is an international confederation of trusted computer incident response teams who cooperatively handle computer security incidents and promote incident prevention programs.**

### **BECOME A TRUSTED CONNECTION**

Computer security incidents do not respect geographical or administrative boundaries in the global Internet. FIRST is designed to facilitate global communication between incident response and security teams to assist in promoting prompt and effective resolution to computer security incidents.

For more information on FIRST, visit <http://www.first.org>.

FIRST is the premier organization and recognized global leader in incident response. Membership in FIRST enables incident response teams to more effectively respond to security incidents reactively as well as proactively.

**28<sup>th</sup> ANNUAL FIRST SEOUL**  
CONFERENCE JUNE 12 - 17, 2016  
**INFORMATION**

## **ABOUT FIRST.ORG**

The Forum of Incident Response and Security Teams is an international not-for-profit organization bringing together a variety of security and incident response teams. Today, FIRST is comprised of **300** member teams from over **70** countries representing government agencies, academia, commercial enterprises, and financial corporations. FIRST is a front-line enabler in the global response community, providing access to best practices, tools, and trusted communication with its member teams. FIRST seeks to:

- Facilitate better communication and information sharing among teams and the global community at large
- Foster cooperation and coordination in incident prevention
- Provide prompt rapid reaction to incidents

Writing about FIRST, the leading British commentator David Lacey declared in Computer Weekly:

*"Of all the security clubs and associations, the one that impresses me most is FIRST <http://www.first.org>, the Forum for Incident Response and Security Teams. Why? Because it's focused, born out of real business requirements and it's highly selective, i.e. you have to be sponsored and audited to gain membership. FIRST is not a club that exists to make an income for its organizers. It's an international community that serves a real purpose: helping Government, Industry and Academia to respond quickly and effectively to new security threats. So I have no hesitation in recommending that you book a space in your busy diary to attend their Annual Conference."*

## **WHO CAN ATTEND?**

**You do not need to be a member of FIRST to attend the Annual Conference. Any individual with interest, involvement or responsibility in the field of incident response and computer security should attend.** This conference will also be of interest to:

- Technical staff who determine security product requirements and implement solutions
- Policy and decision makers with overall security responsibility
- Law enforcement staff who are involved in investigating cyber crimes
- Legal counsel who work with policy and decision-makers in establishing security policies
- Senior managers directly charged with protecting their corporate infrastructure
- Government managers and senior executives who are responsible for protecting systems and critical infrastructures

Past participants have included IT managers, system and network administrators, software and hardware vendors, security solutions providers, ISPs, telecommunication providers and general computer and network security personnel.

## **CONFERENCE BENEFITS**

The Annual FIRST Conference promotes worldwide coordination and cooperation among Computer Security Incident Response Teams (CSIRTs). The conference provides a forum for sharing goals, ideas and information on how to improve global computer security. This five-day event includes:

- Incident Response, Management and Technical Tracks
- Featured invited and keynote presentations
- Special Interest Groups (SIGs) & Birds of a Feather (BoFs)
- Lightning Talks
- Vendor Showcase and Exhibits
- Networking Opportunities

In addition to sharing FIRST's mission, attending the Annual Conference will enable you to:

- Earn up to 26 continuing professional education credits
- Learn the latest security strategies in incident management
- Increase your knowledge and technical insight about security problems and their solutions
- Keep up-to-date with the latest incident response and prevention techniques
- Gain insight on analyzing network vulnerabilities
- Hear how the industry experts manage their security issues
- Interact and network with colleagues from around the world to exchange ideas and advice on incident management best practices

## **HOST CITY & VENUE**

Ideally located in the heart of Northeast Asia, Seoul takes pride in having an extraordinary environment for hosting the 28th Annual FIRST Conference. With a population of over 10 million, Seoul has the unique and seamless ability to take you from an urban cityscape to UNESCO heritage site in the blink of an eye. Seoul is also a world leader in the field of information technology and boasts some of the most cutting-edge infrastructure.

A block of sleeping rooms at the Conrad Seoul is being held for conference attendees at a discount rate of:

Deluxe Room      KRW 249,000 (KRW 279,000)

Breakfast buffet and in-room wifi is included in the room rate. The above rates are quoted per room, per night, and exclusive of service and tax.

Pre and post nights can be reserved at the group rate based on availability. To receive the standard discount rate, you must make your reservation by **May 18, 2016**. Reservation requests received after May 18, 2015 will be accepted on a space and rate availability basis.

All reservations must be made using the direct hotel link from the conference website. Online reservations will be made available in January 2016. Visit the website:
